# ABOUT THE SPEAKER

Nona Eslinger was raised in a polygamist cult broken up from the Mormon church in Utah. She was forced to marry her brother-in-law at age 17. At age 33 she escaped in the middle of the night with her four children. She married the man who helped her escape and he eventually adopted her children. After years of studying and the Scriptures and praying she finally accepted that the only way for salvation is to put total trust in Jesus. It had nothing to do with sacrifices or any works.

Salvation is based strictly on faith.

Nona now lives with her husband in Hagerman. They are retired and spend their time keeping up with the garden, fruit trees, canning, fishing, hunting and football games. Their ministry together is helping other hunters cut and wrap their meat.

Nona's personal ministry is styling hair for a couple of ladies who are unable to do their own. She also pieces together quilts. She donates at least one a year for the Buhl high school music program. Ken and Nona together have 16 grandchildren and 6 great grandchildren.

# FROM THE PASTORS WIFE

Ladies,

I am especially looking forward to this retreat to get away from our daily routines, the busyness of all of our responsibilities, and sitting with my sisters at the Lord's feet to hear from Him. It's a time to laugh and learn, to grow and let go, and to reflect on His goodness. A time to walk in all humility in Christ and to serve others! You Are Chosen my beloved ones! May this weekend set you free in areas in your life of which you are aware or perhaps unaware, but the Lord wants to transform you into His beautiful Bride! We can know that we are wonderfully and fearfully made for His good pleasure and purpose. Won't you join us?

-Cindy Zachman
